### NTSSA Bylaw 3.11.2

#### 3.11.2 Misconduct of Youth Players/Coaches/Assistant Coaches

1. All Member Associations, Playing Leagues and Tournament Officials are directed to operate and keep records on a "CUMULATIVE CARD SYSTEM" for all players/coaches/assistant coaches. Appeals of cards are not allowed except when the referee admits he made an error in the issuance of the card. Cards issued in league play are cumulative during the entire soccer year. When a player transfers to another team his or her accumulated league play cards count against the cumulative card totals for both his or her old and new teams. Player suspensions mentioned in this section, including automatic suspensions "from all NTSSA-sanctioned activities," include all games (including indoor), organized scrimmages, friendly games, and the like, but do not include team practices.
2. A "CUMULATIVE CARD SYSTEM" in league play will be operated as follows:
  - a. **Yellow Cards:** One game automatic suspension for the game following an individual's third league play yellow card. Two game automatic suspension for the game following such individual's fifth league play yellow card. One game automatic suspension for the game following such individual's sixth league play yellow card.

*NOTE: A player/coach/assistant coach receiving a second yellow card in a single game is suspended for the balance of that game, and those two yellow cards are then added to such individual's previous total of league play yellow cards to determine whether additional game suspensions, if any, are required. Red cards issued solely as a result of a second yellow in a single game will not be added to such individual's league play red card total.*

- b. **Red Card:** One game automatic suspension for the game following an individual's first league play red card. Automatic suspension, pending a hearing, from all NTSSA-sanctioned activities following such individual's second league play red card. Red cards issued solely as a result of a second yellow card in a single game will not be added to such individual's league play red card total.

*NOTE: In cases where, during a single game, an individual receives a yellow card followed by a "straight red card" (as opposed to a red card issued solely as a result of a second yellow) both cards will be added to such individual's*

## Field Lightning Detection

- **Lightning is a severe hazard that must be taken seriously. Everyone should immediately seek shelter any time they believe lightning threatens the area, even if a signal has not been sounded.**
- **You will be warned by the THOR GUARD LIGHTNING PREDICTION SYSTEM, which will sound one 15-second horn blast signaling the suspension of all activities.**
- **If equipped, a strobe light will begin flashing and remain flashing until safe conditions return. YOU SHOULD IMMEDIATELY SEEK AN APPROPRIATE, SAFE SHELTER.**
- **Activities may be resumed only after three 5-second horn blasts are sounded and the strobe stops flashing (if equipped).**
